PROF. CHAO-LONG CHEN

Professor of Surgery and Superintendent
Kaohsiung Chang Gung Memorial Hospital
123 Ta-Pei, Niao-Sung Kaohsiung 833, Taiwan

Dear Prof. Chen,

Good day!

First of all, I want to thank you for giving me the opportunity to train as a HPB and Liver transplant fellow. It was an honor to be under your tutelage and be a part of your team. The knowledge I have gained and the wisdom you have shared will be great help and support throughout my career. It will also provide a very good foundation for my specialization in HPB surgery likewise the patients from my hometown in Davao City will benefit from the expertise that I have learned. I believe my future success is at least in part due to your sincere support and mentorship.

I want to express my deepest gratitude since you have been an excellent teacher, mentor and a great inspiration for me to pursue my goals with hard work and dedication.

I truly appreciate and value everything I have learned from you and will forever remain a major contributor to my success and achievements in the future. I look forward to the day I can do the same for someone else. Likewise, my experience in Taiwan will always be cherished.

Thank you, once again, for your time, mentorship and patience.

Sincerely,

Domelle Dave Encarnacion, MD, DPBS, FPAHBSI
